Enjoy the many delights of Saratoga Springs while attending ACLES Foot & Ankle Fast Track!

Located in the scenic foothills of the beautiful Adirondack Mountains, Saratoga Springs is legendary for its historic thoroughbred racecourse, the oldest in the country. As an attendee of ACLES Foot and Ankle Fast Track, you'll still have plenty of time in your daily schedule to enjoy the height of the summer racing season.

And there really ARE springs in Saratoga Springs — including one right at the race course! You can “take the waters” at more than a dozen naturally carbonated mineral springs, or enjoy a treatment at the area spas with heated spring waters, as visitors have done for more than a century.

Sports Illustrated named the historic Saratoga Racecourse among the top 10 sports venues in the world, which alone would make a trip to Saratoga Springs a memorable experience. But there's so much more to savor in Saratoga Springs! Birthplace to both the potato chip and the club sandwich, Saratoga Springs is also home to some of the nation's top restaurants. The Philadelphia Orchestra, pop and jazz performances, golf, mineral-water spas, museums, state and national parks, historic battlefields, hiking and bike trails, water sports ... and a delightful, pedestrian-friendly downtown provide hours of relaxing diversion day and night, for singles, couples and families.

Conference Hotel The Gideon Putnam Resort

Long a favored vacation destination, Gideon Putnam Resort is also an ideal venue for meetings. The resort offers guests a wealth of desirable amenities that include elegantly appointed accommodations, casual and fine dining on site, and gracious service.

Gideon Putnam Resort is situated within the Saratoga Spa State Park, which is also home to the National Museum of Dance and the Saratoga Automobile Museum. The popular Roosevelt Baths and Saratoga Spa Golf Course are just a short walk from the hotel, and shuttle bus service to the Saratoga Racecourse is available every day except Tuesday, when the racecourse is closed.
